## FLOODS RECEDING

DEAD IN CENTRAL DAYTON MAY NOT EXCEED 200.

## 70,000 ARE MAROONED

Many Stories of Rescue—600 Dead at Columbus—Death List 2,000 at All Points.

## CONDITIONS IN DAYTON.

The following is a tabulate statement of conditions in Dayton, accurate estimates of the dead being impossible:

Persons marooned.....	70,000
Residences submerged.....	15,000
Miles of streets inundated..	12
Persons in rescue stations..	5,000
Horses killed.....	50
Automobiles damaged.....	1,000
Property loss.....	\$25,000,000

Dayton, O., March 28.—All but a few of those hundreds of persons who have been marooned in the downtown sections of flooded Dayton since Tuesday morning are safe. This was the news brought out by a reporter, the first to succeed in the perilous task of penetrating as far north as the Big Miami river, which runs through the center of the town.

Chief of Police Allaback, himself marooned, who has been directing the rescue work, gave the first information as to the situation in what has been the water-bound district.

Except for possible loss of life on the north side of the river there will not be more than 200 dead in Dayton according to Allaback's estimate, after he had been given information as to the situation on the south side.

Bank Building Is Burning.

The First National bank building in central Dayton is burning. The flood waters have receded so far that fire men with an engine succeeded in getting across and all persons who wish to leave are being brought out. The Third street bridge over the Big Miami river is safe and it appears that the militia now guarding the district will soon know the full extent of the disaster there. Many persons there refused to leave, believing they could better secure food and clothing there than in other parts of Dayton.

The worst condition found near the center of the flood was in the work house, where sixty prisoners have not had a drop of water nor a bite of food since Tuesday. The men revolted Tuesday night and demanded their liberty and a chance to fight for their lives. Since then the workhouse has been a madhouse, according to Superintendent Johnson. The prisoners repeatedly fought with Johnson and threatened to kill both him and his family.

Johnson asked that a detachment of the national guard be assigned to help him handle the men. He declared that the men would be shot if they escaped from their cells. No word has been heard from Mayor Phillips. The chief of police had been unable to get near the Phillips house and did not know whether the mayor was dead or alive.

North of Burns avenue, as far as Fourth street, the water was found to be from three to five feet deep. Beyond Fourth street the water has receded enough to make it possible in many places to proceed on foot. From Fourth street the Big Miami river relief work was taken up by a committee headed by Chief of Police Allaback. All groceries were commandeered and although in most cases the goods were covered with water, yet sufficient supplies were found to prevent great suffering among those in the interior dry strip.

Only Prisoners Without Food.

While there may be many deaths in individual homes, which have been without food or drink, there was no place but the workhouse where any considerable number of people were held without food. None had had enough, but none approaching actual starvation was found.

Knowledge that the death list is likely to prove so low in the downtown section gave rise to a hope that even in North Dayton, about which locality desperate anxiety is felt, there might be comparatively few deaths. The progress of the first canoe into the water-bound district was greeted by appeals for bread and water. In nearly every house left standing people were asked whether there had been any deaths, and with only a few exceptions all replied that there had not. Although heartened by the news from the flood zone's interior, Governor Cox's secretary, Mr. Burba, scarcely was able to credit the assertions. From his own observations of the southern district he was unable to believe that the death list would be under 1,500.

"There are 10,000 unaccounted for on this side of the river," he said, "and if all but 200 of these are found, it will be the greatest miracle of the time."

Word was received that 500 men are at work on the Lakeview dam, at the Lewiston reservoir, and that danger (Continued on page 3.)

## AT FIRST M. E. CHURCH.

Service Last Night Well Attended—Truth Should Master Man.

The service at the First M. E. church last night was characterized by a depth of spiritual interest. A real revival is a revival of interest in spiritual things and is marked by consecration of the membership of the church and the acceptance of Christ by those outside. As some one has well said, "we need more member rather than more members."

Tonight Rev. Zentz will deliver a sermon especially appropriate to the young people. His theme will be taken from Peter's question to Christ, "What shall we have therefore?" Mrs. Nina Moore and Miss Nellie Wray will sing a duet.

The sermon last night was well received and very effective. His text was II Cor. 2:14—"Now thanks be unto God which always causeth us to triumph in Christ and maketh manifest the savour of His knowledge by us in every place." He said in part:

"It is said that the end and aim of education is to arrive at truth. While it is a great thing for a man to master truth it is a far greater thing for truth to master a man. Those who have made their names great in the world's progress have been such men as Richard Cobden, the Earl of Shaftesbury, Martin Luther and Paul the Apostle."

"Paul not only gave thanks that he was led captive by the truth but that it was his high privilege to make manifest the truth as about God. He put this fact in another form when he said, 'We are epistles, known and read of all men,' and again when he said, 'For me to live is Christ.'"

"This knowledge was to be given forth in every place, the home, the place of business, and social intercourse. He naturally raises the question, who is sufficient for these things, and answers his own question by saying, 'Our sufficiency is of God.'"

## SOLICITORS AND BEGGARS.

Many Solicitors Turned Down—Must Have a Permit From Commercial Club.

The business men of Maryville are co-operating more and more to regulate solicitors and general beggars. According to the ruling adopted some time ago and the agreement signed by the business men, all solicitors of whatever nature must have a permit signed by the secretary and president of the Commercial club before they can get a hearing from any of the business men. This ruling makes it almost impossible for a grafter to get any money in Maryville. Not only grafters are excluded, but nearly all organizations soliciting for outside charities are refused the permit.

During the past week the following persons have appealed for a permit, which has not been granted: A solicitor for a paper for the blind published in Lincoln, Neb.; a solicitor for the missions of the A. M. E. church; a woman working for the interest of an orphanage in Kansas City; one tramp and one cripple. Each of these parties are in the habit of getting from \$10 to \$25 in towns the size of Maryville. Twenty-five cents and 50 cents here and there soon amount to big sums, and in the course of a year hundreds of dollars have been paid out by Maryville people for worthless charities.

The Commercial club secretary, John I. Hoffman, will take care of any persons sent to him for a permit whether sent by business men or others.

## Visited Their Father.

Mr. and Mrs. John Sturm, Sr., of Clyde spent Thursday night at St. Francis hospital with Mr. Sturm's father, John Sturm, Sr., and a daughter, Mrs. Lulu Welch of Clyde, spent Friday with him. Mr. Sturm was seriously ill for awhile, but is improving considerably at present.

## Will Soon Return.

Mr. and Mrs. Augustus Romasser will return in a few days from their honeymoon trip to Los Angeles, Cal. Mr. and Mrs. Romasser will be at home to their friends after April 15, at 549 West Third street.

## Married in Hopkins.

Ora Lee Ackree, a young farmer of near Slam, Ia., and Miss Edna Miller Thursday evening in Hopkins, by Rev. of Hopkins were united in marriage W. H. Griffith.

Prof. Maulding wishes to announce that his studio is now open at 1021 North Main. Persons wishing lessons please see him at once. Phone, Hanamo 448 Red.

Miss Mae Parle went to Atchison, Kan., Friday morning for a few weeks' visit.

## A RED LETTER DAY

BAPTISTS WILL HAVE A BIG TIME NEXT SUNDAY.

## ALL TO BRING FAMILIES

Dr. Joseph Jacobs of Kansas City Will Preach and Special Music Has Been Engaged.

The First Baptist church of this city will have a red letter day the coming Sunday. It is the annual rally day for the Sunday school, when every member of the church and congregation will make an effort to be present and take part in the class work with the regular attendants.

All are invited to come and bring lunches, which will be spread upon the tables in the church parlors at noon by the Men's club, who will also furnish and prepare hot coffee. The dinner hour will be a strictly church social affair and will continue through the afternoon, when various matters pertaining to the church life will be discussed by all.

The pulpit committee will be ready to make recommendation for a supply minister, who will serve several months, or until such time as the church is ready to call a pastor. This committee is composed by Prof. W. W. Westbrook, G. B. Holmes and H. W. Hull.

At the Sunday school hour the new Sunday school orchestra, under the direction of Miss Alma Nash, will make its first appearance. The orchestra will be worked up into quite a large organization, it is expected, but at present consists of Miss Alma Nash and Miss Elizabeth Nash, who will play the mandolins; Miss Margaret Allen, cornet; Miss Dora Allen, baritone; Miss Ora Quinn, clarinet, and Miss Hazel Everhart, pianist.

The superintendent of the Sunday school, Senator Anderson Craig, will be in his place Sunday morning, the first time since the first of the year, when he left for the session of the legislature at Jefferson City, and the members are getting ready to give Mr. and Mrs. Craig a royal welcome home.

At the 11 o'clock service Dr. Joseph Jacobs of Kansas City, western secretary for the American Baptist Publication society, and one of the great men of the denomination, will occupy the pulpit.

Dr. Jacobs will give his famous stereopticon lecture in the evening at 7:30 o'clock. The choir will render special music for these services and the public is cordially invited to attend.

## DEATH AT GUILFORD.

Hugh Gibson Richards, an Old Settler, Died Thursday Night After Few Years' Illness.

Hugh Gibson Richards, an old settler of the Guilford community, died at his home, five miles southeast of Guilford, on Thursday night. He had been in poor health for the past five years.

The funeral services will be held on Saturday at the M. E. church, South, in Guilford, and will be conducted by Rev. Hoover, the pastor. Burial in Weatherman cemetery and services will be in charge of the Masonic lodge of Guilford.

Mr. Richards was born August 20, 1839, in McCoubin county, Illinois, and came to Missouri with his parents when 2 years of age. They located near Whitesville, in Andrew county, and later moved to Guilford community and had resided in that community for forty years. He was married fifty years ago to Miss Evangeline Gillmore, and seven children were born to this union, three of whom are living. They are Milton S., Grant and Mrs. D. A. Bledsoe, all living near Guilford. Mr. Gibson was a soldier in the civil war and was a member of the Fortieth Iowa infantry.

## Was Released From Jail.

Thomas Guggerty, who was fined \$5 and costs recently in circuit court when he pleaded guilty to a charge of common assault, the prosecuting witness being Fred Litton, was released from the county jail Friday by Sheriff Wallace, as he had served out his fine. Guggerty is from Conception Junction.

## Mr. Funk Is Here.

J. Lester Funk of El Reno, Okla., arrived in Maryville Thursday for a several days' visit in Maryville with relatives.

Mrs. J. S. Severs of Elmo was in Maryville Friday on her way to Bedford to visit her mother and sisters.

Denham makes the price on harness and buggies at both stores.

## STATE BOARD AID

ADDITIONAL PRIZES FOR POULTRY SHOW THIS YEAR.

## COMMEND THEIR ACTION

Association's Gift of Eggs to Boys and Girls to Be Made Example For Others in State to Follow.

The Missouri state poultry board and experiment station at Mt. Grove, Mo., will give \$30 in prizes to the exhibitors of the Northwest Missouri poultry show to be held in Maryville next December. Recently the poultry show association members here gave away 75 settings of eggs free, the only requirement being that the boy or girl was to exhibit some of the birds in the next show.

E. L. Andrews, who is secretary of the poultry association, wrote T. E. Quisenberry, director of the state poultry experiment station at Mt. Grove, and the following is the letter that Mr. Quisenberry wrote in reply to Mr. Andrews' letter.

Your letter received, and I want to say that this is one of the best propositions that has ever been undertaken by any poultry association in the state. You will work up more interest in your show and more interest in good poultry in your county than you could have done in practically any other way.

In as much as you folks have undertaken this, I will agree to give for the State Poultry Board and the experiment station, a cash prize of \$5 to the boy who makes the best exhibit in your next show, and \$5 to the girl who makes the best exhibit.

In addition to this, the State Poultry Board and the experiment station have decided to give \$10 in cash to at least one show in each county to the member of the State Association who makes the largest and best exhibit of poultry of one variety at your show. They will also give \$10 in cash to the member of the State Association who makes the largest and best exhibit of more than one variety of poultry at your show, no two prizes to go to the same party. It is also the intention of the board to try to hold a poultry institute in connection with each show and put on an educational exhibit at the same time and place.

You have my authority to go ahead and offer these prizes to these boys and girls. I am going to try to get other associations in the state to adopt the same plan.

## TOOK AN OVERCOAT.

J. R. Scott Charged With Stealing an Overcoat and Later Selling It for \$1.

J. R. Scott was arrested Thursday night at the Oak saloon on a charge of stealing an overcoat from the room of Charles Evans, who is working on the postoffice building. Evans is staying at the County Seat hotel and Scott, it is said, went up to his room and got the overcoat. He later sold the coat for \$1.

Scott, it is said, has been in the penitentiary before. He has been in Maryville only a short time. He was locked up in jail Thursday night.

When Scott was searched by Sheriff Wallace, a parole was found which showed that Scott had been in the state penitentiary at Lansing, Kan., and that he was paroled from that institution on February 11, 1913. The authorities at Lansing were notified at once by Sheriff Wallace and they will send up a man at once, who will take Scott back to that institution. Scott is about 50 years old and looks like an old offender.

When arrested Thursday night, Scott was in a drunken condition and in addition to finding the parole, Sheriff Wallace found papers which showed that the old man had been in the penitentiary in Kansas.

## Will See Daughter Off for West.

Mrs. Eunice Graves went to St. Joseph Friday morning to spend a few days at the home of her son, William Graves, and family. She will meet her daughter, Mrs. Floyd Wiley, and family of Kansas City, who are at her son's home. The Wiley family leave Saturday morning for Spokane, Wash., to make their home. Mr. Wiley will engage in the mercantile business with his father and three brothers at Spokane.

When there is any BETTER HARNESS made than DENHAM MAKES, Denham will make them. See either store.

B. T. Ralph of Savannah was a Maryville visitor Friday.

## MEETING ON MONDAY NIGHT.

The Voters of the Maryville School District Will Meet at That Time Instead of Tonight.

The mass meeting of the voters of the Maryville school district will be held Monday night at the court house at 7:30 o'clock instead of tonight, as first announced. The change was made owing to the various ward conventions to be held this evening, at which time candidates for alderman in each ward will be selected. The purpose of the meeting Monday is to nominate two members of the school board of directors.

## LAW NOW IN FORCE

GOVERNOR SIGNED BILL FOR STATE AID FOR SCHOOLS.

## BENEFIT IS GRADUATED

Weaker Districts Receive More Help in Establishing High Schools Than Strong Ones.

The bill which provides substantial state aid for rural high schools of the state was signed by Governor Major Thursday and is now a law as there was an emergency clause to the bill. The measure was introduced by Senator Francis Wilson of Platte county and he is the author of it. As the measure will be of interest to the school people of the county, the following is the bill in full:

An act to provide state aid for high schools, determining the amount of such aid and defining the conditions under which such aid may be obtained, with an emergency clause.

Be it enacted by the general assembly of the state of Missouri, as follows:

Section 1. Any town, city or consolidated school district may apply for state aid to maintain a high school. The aid granted shall be \$800 per year to districts whose valuation is less than \$300,000, \$600 per year to districts whose valuation is \$300,000 and less than \$400,000, \$400 per year to districts whose valuation is \$400,000 and less than \$600,000, \$200 per year to districts whose valuation is \$600,000 or more. Provided that a district in order to receive state aid shall show its assessed valuation, that it is organized as a town, city or consolidated school district and has six school directors, that it has levied for school purposes (teacher and incidental expenses) the maximum levy provided by law, that it maintains an approved high school and employs a competent principal to teach in said high school and to supervise the elementary school of said school district, that it pays each of its teachers at least \$40 per month, that it admits non-resident pupils to said high school on payment of a reasonable tuition fee, that during the past year the daily attendance in said high school has averaged fifteen pupils, that it gives an approved course of at least one year in agriculture. Provided further, that in no case shall any district receive from the state in any year more than one-half of the amount of the salary paid to its high school teachers the previous year. It is also further provided that no district receiving any other form of special high school aid from the state shall be entitled to aid under this act.

Sec. 2. Any town, city or consolidated school district, situated in any county in which there is no school district whose assessed valuation is more than \$300,000 may apply for state aid to maintain a high school. A district making application for state aid under this section shall show that it has an assessed valuation of less than \$300,000, and that no approved high school in the county maintains an average daily attendance of fifteen pupils, that it is organized as a town, city or consolidated school district and has six school directors, that it has levied for school purposes (teacher and incidental expenses) the maximum levy provided by law, that it proposes to maintain an approved high school at least the third class for a term of eight months and that it employs a competent principal to teach in said high school and supervise the elementary school of said district. The state hereby grants an aid of \$800 per year to such school district. But it is further provided that if two or more districts in the same county apply for state aid under the provisions of section 2 of this act, the district that first files in the office of the state superintendent of public schools notice of its intention to apply for aid under this act shall be granted the aid, provided that on or before June 30th following

## HAS A NEW NAME

NEW OFFICERS FOR THE ALDERMAN-YEHLE STORE.

## CONRAD YEHLE AT HEAD

Officers Swap Places and New Name Has Name of New President Incorporated in It.

A change has been made in the officers of the Alderman Dry Goods Company of this city, and also in the firm name. The new officers of the company are Conrad Yehle, president; C. J. Alderman, vice-president, and J. D. Frank, secretary and treasurer. The firm name has been changed to the Alderman-Yehle Dry Goods company. The company is incorporated and is capitalized at \$50,000.

Mr. Alderman who has been president of the company and is now located at Omaha in the manufacturing of blau gas, will still retain his interests in the company and will be connected with the firm.

Mr. Yehle who heads the new company is an experienced dry goods man, having been in that business in this city for the past twenty-two years. His first employment was with the Smith Bros. dry goods store when he was 20 years old, and ever since that time he has been actively engaged in that business. He has been connected with the Alderman Dry Goods Co. for ten years and was vice-president of that company. Mr. Yehle will have active charge of the business of the new firm.

The Alderman-Yehle dry goods store is one of the very best stores of its kind in this part of the state, and under the new management will be kept up to its present high standard.

## COMING BACK TO MISSOURI.

Rev. T. J. Reznor Has Accepted a Call to the Amazonia Christian Church Pastorate.

Rev. and Mrs. T. J. Reznor, who have been living at Odessa, Ia., arrived in Maryville Friday noon and went to the home of Mrs. Reznor's brother, Arthur Wiley, living four miles north of Maryville, for a few days' visit.

Rev. Reznor has been preaching in Iowa for several years. He preached in this section of Missouri for some time before going to Iowa, and his old friends here will be glad to know that he has concluded to return. He has accepted the pastorate of the Christian church at Amazonia, Mo., and will go there next week. He has been engaged in meetings at Forest City and other points in that section for several weeks, and Mrs. Reznor joined him at Forest City to come to Maryville.

## WILL RECEIVE DONATIONS.

Commercial Club Here Will Receive Money for Flood Sufferers.

All people caring to give to the flood sufferers in Ohio and Indiana are requested to send in their contribution to John I. Hoffman, secretary of the Commercial club. Mr. Hoffman will send the money on to the Red Cross society at Dayton, O.

The employees of the postoffice department gave \$3.50 to Mr. Hoffman Friday for these people in Ohio.

Passed and approved this 17th day of March, 1913.

A. S. ROBEY, Mayor.  
Attest: C. L. GANN, City Clerk.

The country will be generally pleased to know that the Illinois legislature has at last elected two United States senators. It was done by an agreement between Democrats and Republican members but apparently without any of the suspicion of trickery and corruption that surrounded the election of Lorimer. Prior to that unfortunate affair a state primary law was passed and the candidates elected received the endorsement of a majority of their respective parties in the primaries last fall. Neither of the three parties had a majority in the legislature, the Progressives holding the balance of power. They refused to aid either of the old parties and a dead lock was created that could not be ended honorably except by agreement. The eyes of the country have been on Illinois, and justly so, since the Lorimer outrage and, under the circumstances, there can be no legitimate objection to the election of Lewis and Sherman.

the filing of the notice of its intention to apply for aid it shows that it has met the requirements of this section. Provided further that any district receiving aid in any year shall be regarded as the first applicant for aid the succeeding year without the filing of a formal notice. It is also further provided that any school district receiving aid under the provisions of this act shall admit non-resident pupils to the high school of said district on the payment of a reasonable tuition fee. Provided further, that any school district receiving state aid for two consecutive years and then during any two consecutive years thereafter fails to maintain an average daily attendance of fifteen high school pupils shall forfeit its right to any further aid for a period of five years, or until it can again show an average daily attendance of fifteen high school pupils for a term of eight months.

Sec. 3. The board of directors of any school district desiring to avail itself of the state aid provided for under this act shall meet and on or before June 30th, furnish to the county clerk evidence that their school district has met the requirements of this act, and shall make a statement of the amount of aid to which said district is entitled. This evidence and statement shall be attested by the signatures of the president and the clerk of said school board and sworn to before a notary public or the county clerk. It shall be the duty of the county clerk on or before July 15th to furnish to the state superintendent of public schools a list of all the districts in his county making application for state aid for high schools, showing the amount estimated for each school district and the total amount for the county. Before apportioning the state school funds, the state superintendent shall set aside a sum equal to the total of all the applications for state aid called for by all the counties of the state, after which he shall proceed in accordance with section 19822 of the Revised Statutes of Missouri, 1909, and of the session acts of 1911. Provided that the amount so set aside shall in no one year exceed 5 per cent of the total state school funds. Should the total applications for aid called for by all the counties in any one year except 5 per cent of the total state school funds, then the state superintendent of public schools shall first set aside out of the 5 per cent the amount of aid applied for under section 2 of this act and then the remainder of the 5 per cent of said state school funds shall be distributed pro rata among the districts applying for aid under section 1 of this act, according to the amount applied for by each district. The state superintendent of public schools shall within thirty days after he has approved the work of any school applying for aid, certify his approval to the state auditor, who shall draw a warrant on the state treasurer for the amount due such district and forward said amount to the county clerk of the proper county, and the county clerk shall thereupon apportion the said amount to the proper district in accordance with the application on file in his office.

Sec. 4. On account of the high schools requiring immediate aid, an emergency is created within the meaning of the constitution; therefore, this act shall take effect and be in force from and after its passage and approval.

It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollar's worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

Obituary.

Florence Adella Allen, daughter of Mr. and Mrs. J. H. Allen, was born in Hancock county, Illinois, September 11, 1868. Died in St. Joseph, Mo., March 23, 1913. Age 44 years 6 months and 12 days.

Her parents moved to Nodaway county, Missouri, when she was 14 years of age, where she spent her girlhood days. She was married to Mr. A. L. Duke August 21, 1886, and lived in this vicinity until about five years ago, when they moved to St. Joseph, where they resided until her death. To this union were born two children, Dora Oral and Robert Lee (Robert Lee dying in infancy).

She confessed Christ at a meeting conducted at the Christian church, Arkoe, Mo., by Rev. Blanchard, and joined that church, remaining a faithful member of that church until her death.

She was taken very ill of cancer of the stomach last November, and after many weeks of severe suffering, in which she was very patient and hopeful. The good Lord said: "It is enough, come up higher." She now rests from all her pains and labors and awaits the arrival of those coming later on. She was a devoted companion, a loving mother, a kind sister, and a friend to all who knew her.

She leaves her loving husband and daughter, Dora Aral, also three sisters, Mrs. William Kirch, Mrs. Fred Ortmann and Mrs. Frank Ike, and also one brother, Robert N. Allen, as well as many friends to mourn their loss. The funeral services were conducted by Rev. W. E. Royston, pastor of Barnard M. E. church, at Arkoe, Mo., Tuesday, March 25, 1913, at 11 a. m., after which her body was interred in Miriam cemetery, Maryville, Mo. X. X. X.

CORN VARIETIES.

Secure Seed as Near Home as Possible, Because It Is More Likely to Be Acclimated.

The following bulletin has been sent out by the state agricultural department.

The farmers of Missouri have in the past lost considerable because of the fact that they have not grown corn varieties which were adapted to their respective sections of the state. In many instances because corn has failed to mature in some certain year, extremely early varieties have been secured which have materially decreased the yield. A corn variety to give best results in any section should mature early enough to be safe from frost yet it should be late enough to utilize the greater part of the growing season in order to insure a large yield.

The results of the 1912 corn co-operative tests of the Missouri experiment station conducted in practically all of the counties of the state show Commercial White to be the highest yielding variety in the test. There is considerable objection to this variety, however, due to the fact that it is always late in maturing. Good seed of this variety is very hard to secure, however, as few men are growing it. The Boone County White and Reid's Yellow Dent varieties stand next to the Commercial White, and seem well adapted to practically every section of the state. The Boone County White has a tendency to be slow in maturing but does unusually well on the bottom lands and richer uplands of the state. The Reid's Yellow Dent is a variety that will mature practically every year and seems well adapted to lands of average fertility. The Johnson County White takes practically the same requirements as the Boone County White and is well adapted to the better lands of the state. St. Charles White, St. Charles Yellow and Cartner are varieties which have been developed to suit local needs. The St. Charles White seems especially adapted to the Missouri river bottoms, as well as to the lowlands of Southeast Missouri. For the better lands of the Ozark region the varieties recommended for general upland conditions are good, but for the average Ozark uplands varieties like the old-fashioned Calico or Golden Beauty or the Iowa Silvermine are preferable.

As a general recommendation, Commercial White, Boone County White and Johnson County White are the white varieties which can be most generally recommended, while Reid's Yellow Dent, St. Charles Yellow and Leaning can be recommended as yellow varieties which will give fair results in practically every section of the state. All of our experiments show that it is a good practice to secure seed as near home as possible, because of the fact that it is more likely to be acclimated.

Fresh asparagus, head lettuce, cauliflower, radishes, parsnips and all fresh vegetables. If it is Club House it is the very best and it is from

## CLEANSE YOUR LIVER AND 30 FEET OF BOWELS WITH "SYRUP OF FIGS"

MORE EFFECTIVE THAN CALOMEL, CASTOR OIL OR SALTS; GENTLY CLEANSSES THE STOMACH, LIVER AND BOWELS WITHOUT NAUSEA OR GRIPING. CHILDREN DELICIOUSLY LOVE IT

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physic—they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food, of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, without gripe,

nausea or weakness. Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senn and aromatics, it cannot cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name—California Fig Syrup Company. That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt.

## FLOODS RECEDING

(Continued from Page 1)

of a break in the reservoir walls has been averted for the present.

Reached Housetops in North Dayton.

Captain of Police H. E. Lockhart declared that water in North Dayton, Miami City and East Dayton reached the housetops. His estimate of the number of dead in that district was 306.

The bodies of a woman and a baby were seen floating down Jefferson street, one of Dayton's main thoroughfares. It was thought they came from the district north of the river.

It was impossible to approach within a couple of blocks of the fire zone in the canoe, but there appeared every indication that the Beckel house had not been burned and that the fire had been confined to the blocks beyond Jefferson and Third streets. The 300 guests at the Algonquin have been comfortable, except for the continuous dread of fire. The water reached to the second floor, but all supplies have been moved to places of safety and those in the hotel experienced little discomfort.

### Poor Suffer Terribly.

One of the remarkable features was the cheerful spirit with which flood victims viewed their plight. This was Dayton's first big flood in many years. Much of the submerged area had been considered safe from high water, but as the majority of residences of these sections looked out on a great sweep of muddy, swiftly moving water they seemed undisturbed.

In some of the poorer sections the attitude of the marooned was not so cheerful. As a motorboat passed by the second floor of a submerged house a man leaned out and threatened to shoot unless they took off his wife and baby. The woman, almost dying, was let down from the window by a rope and taken to a place of refuge.

### Motor Boats Arriving.

Absence of motor boats had been the cause of great suffering. Hand propelled boats could not navigate the water. With appeals for motor boats and men to run them, Cleveland responded with several boats. Cincinnati also sent some. Upon the arrival of these craft rescue work went on rapidly.

Harrowing tales have been told in connection with the rescue work already done. A boy pitched by his mother from a roof to a boatman, who was having difficulty keeping his craft steady was missed by the rescuers and drowned. The mother was saved. A young husband had to restrain his wife from throwing herself into the flood waters as they sat upon the roof of their ruined home. She was holding two children. All were saved.

The devastated district is facing a food famine.

"Our food supply must be replenished or suffering will become acute," Chairman Hiram Hendrickson of the Riverdale relief committee said. "We will need coffee and bread in particular. From north of Dayton farmers have responded nobly to our request for food. Men have driven as much as forty miles to bring us what supplies they could spare. Citizens of this section of the town also have brought all their food and we are cooking it and feeding these who gave it. The drop in temperature caught many without coal, but we are able to give warm sleeping space to all. We can do nothing now but rest and care for the refugees, but later we must face a more serious situation."

The lack of bread is being felt throughout the city.

The relief work is in charge of J. H. Patterson, president of the National Cash Register company. More than 1,000 refugees are receiving medical attention and food at the cash register plant, which has been turned into a huge hospital and lodging house. Relief measures exceeded requirements, but only because it was impossible to rescue the thousands of marooned inhabitants. With the waters receding and the rapidity of the torrents through the business sections lessened the people were brought out by hundreds, and the relief staff was kept busy. Many doctors and nurses have come here from nearby towns, and medical supplies and food have been provided for on relief trains.

### Death List May Not Exceed 2,000.

Revised estimates of the loss in Dayton give ground for hope the dead in all sections affected by the flood will not exceed 2,000 and may go below that figure. Daring investigators who penetrated the flooded section revealed hundreds of persons safe who it was feared were lost.

Unless swelled by the death list in the foreign settlement on the north side, as yet unsearched, there may not be more than 200 dead in the whole city.

In other points than Dayton the death list grew rapidly. There was far heavier loss of life in the west side bottoms of Columbus than was thought. One estimate placed the number of dead at more than 600.

From Hamilton, O., fifty persons were reported drowned in the collapse of a hotel, where they had sought refuge.

Apparently authoritative reports from Piqua indicated twenty dead.

At Peru, Ind., the authorities estimated the death list would reach at least 150.

Twenty-five deaths were reported from Troy, O., thirty in Middletown and five in Xenia.

Deaths from the flood in Chillicothe will not exceed twenty-five, according to latest advices. Early advices were that from 200 to 300 lives had been lost.

Flood supplies in Zanesville are re-

ported to be running very low and efforts are being made to reach there with provisions.

Nothing could be learned of the conditions of towns east of Zanesville. More than a dozen towns between Zanesville and Marietta are said to be under water. The isolation of these towns, including Marietta, is complete and so far as telegraph and telephone officials know they had not communicated with the outside world for from twelve to fourteen hours.

## WILSON CUTS ALL RED TAPE

President Opens Government Resources to Flood Sufferers.

Washington, March 28.—President Wilson threw open the resources of the federal government to the homeless thousands fighting against water, flame and famine in Ohio and Indiana.

More than \$350,000 has already been spent and the president has determined that no red tape will stand in the way of relief anywhere.

Secretary Garrison of the war department left with orders from the president to survey the situation in Ohio and direct the government's relief expeditions, and Mr. Wilson announced if communication with the flood districts continued imperfect and the presence of the chief executive was required to issue emergency executive orders he would go to the zone of the disaster himself.

The president did little else except work on the flood situation and is ready to set aside other business before him to assist the authorities of Ohio and Indiana.

Postmaster General Burleson is contemplating a quick journey to Ohio if the mail situation is not soon improved. Mail routes across the continent are badly affected and the task of disentangling the mail service to points in Ohio and Indiana untouched by floods has reached a crisis.

Assistants are being ordered to the flood region from nearby cities and stamps and supplies are being rushed to places that have lost their stock in the floods. Not only were the war and the post office departments straining every effort to be of assistance, but the navy department issued orders to its recruiting stations in the central west to send marines, physicians and officers trained in rescue work to cooperate with the army medical staffs.

Secretary McAdoo placed all the United States life saving stations in the vicinity of the flooded districts at the disposal of Governor Cox of Ohio and Governor Ralston of Indiana, ordering the crews to respond immediately and directly to the request of the state executives.

Surgeon General Blue of the public health bureau left to take personal charge of the federal medical officers rendering assistance to the distressed people of Indiana and Ohio.

## WEIGHT CARS WITH IRON

This Means Used to Rescue Flood Sufferers.

West Dayton, March 28.—On Third street, in West Dayton, a flatcar weighted down with pigiron is being run down into the flooded district on street car tracks to bring out water-bound persons. Six men go on the car and a hundred or more pull it out of the water by a huge cable.

Rescued persons who for two days have expected death with every minute are lifted from the car to automobiles and taken to shelter. First they are given several cups of hot coffee and wrapped in warm clothing. Women and children collapse, strong men are so weak with cold and fatigue they have to be carried.

## 200 Bodies in Columbus Church.

Columbus, O., March 28.—First direct communication was established with a west side undertaker. He said over the phone that he had nineteen bodies in his morgue and orders to care for sixty-nine more as soon as possible.

He said he estimated the number of dead in the United Brethren church morgue on the west side at 200. From 100 to 150 bodies, he says, were lying partly submerged in Avondale avenue. About 200 more were lying in West Park avenue.

## Bryan Not Lost, as Was Supposed.

Washington, March 28.—Secretary Bryan, who has been out of communication with the state department for the last twenty-four hours, in the Ohio flooded districts and for whom grave fears were felt, was heard from on his way eastward from Akron.

## Ten-Day Holiday Period in Ohio.

Columbus, O., March 28.—Governor Cox issued a proclamation declaring a holiday in all flood districts in Ohio for the next ten days. This was done to protect negotiable paper that might be subject to protest.

## DANGER FROM PNEUMONIA

Lessened By Healthy Conditions.

At this season pneumonia is prevalent in many localities. Every year during the cold, damp weather this dread disease claims its victims by the hundreds.

The best possible preventive of pneumonia is to keep the system in a strong, healthy condition and not allow one's vital resistance to become lowered and if, perchance, the system should become run-down or a chronic cough or cold develop which is hard to cure, take Vinol, our delicious cod liver and iron tonic without oil.

Mrs. Ellen Lytle, of Lima, Ohio, says: "I was weak, nervous and run-down, and pronounced by doctors to have a serious lung trouble. I was despaired of by all, but I read in the newspapers what Vinol had done for others and decided to try it. I took six bottles of Vinol and am now in perfect health and never felt better in my life. I weighed 108 pounds when I began taking Vinol. I weighed last week 140 pounds."

## Put a Bull Behind the Bars

We call especial attention to the hinge joint at each intersection of stay with main bars.

This is the essential of every good wire fence. Unless the stay has a hinge joint the fence cannot receive pressure from contact and right itself. All rigid stay fences have been unsatisfactory and disappointing, as they crush down and when once down, remain so.

## AMERICAN FENCE

Is made with a hinge joint, by which the maximum of elasticity is secured and the fence if properly stretched, remains in place indefinitely. With the hinge joint, no amount of strain on the bars can effect the connection of stay and bar, while the opposite is true of all rigid stay fences.

## A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur  
Makes Gray Hair Vanish—A  
Remedy for All Hair Troubles.

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition. As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Kock Pharmacy.

### Sues for Divorce.

A divorce petition was filed Friday by M. E. Ford, attorney for Frank Welch vs. Anna Welch, both colored people. The petition states that they were married September 11, 1906, and lived together until January 21, 1912, when his wife deserted him and has absented herself for one year without reasonable cause.

### MAKES HAIR GROW.

Parisian Sage an Invigorator that Makes Hair Grow Abundantly or Money Back.

If your hair is thinning out gradually it won't be long before the bald spot appears.

The time to take care of the hair is when you have hair to take care of.

For thin falling hair the best remedy known to mankind in Parisian Sage. It is compounded on scientific principles and furnishes to the hair root a nourishment that acts quickly and promptly and causes the hair to grow.

But remember this: It kills the dandruff germ, the pest that appropriates all the natural nourishment that should go to the hair root.

Parisian Sage is sold by Koch Pharmacy under a positive guarantee to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

It gives to women's hair a lustre and radiance that is most fascinating and causes it to grow abundantly.

Parisian Sage is sold by druggists in every town in America. A large, generous bottle costs 50 cents, and the girl with Auburn hair is on every bottle.—Advertisement.

### Twentieth Century Club.

The executive board of the Twentieth Century club held a meeting Thursday afternoon at the Elks club to talk over the club's business matters. The subject of city federation by all Maryville women's clubs was mentioned at the close of the meeting, and the Twentieth Century club president will confer with the presidents of the other clubs in a few days in regard to the matter and ascertain their opinion as to the willingness of their members to enter into the movement for more effectual work.

### Kensington and Luncheon.

Mrs. J. T. Linville entertained her neighbors and a few friends Thursday afternoon with a Kensington and luncheon, for the pleasure of her daughter, Mrs. Earl E. Fisher, who will leave this week for her new home in St. Joseph. The guest list included Mrs. G. B. Holmes, Mrs. John Anderson, Jr., Mrs. M. A. Hopper, Mrs. Wilber Smith, Mrs. G. A. Pickens, Mrs. Estella Epperson, Miss Myra Kern, Mrs. Gilbert S. Cox, Mrs. M. M. Rittenour, Mrs. C. C. Corwin, Mrs. C. F. Remus, Mrs. Emery Aiky, Mrs. S. J. DeArmond, Mrs. Emmett Scott, Mrs. Charles Gough, Mrs. M. A. Peery, Mrs. J. F. Montgomery, Mrs. M. A. Lewis.

### Chafing Dish Supper.

The annual chafing dish supper given by the Christian Endeavor society of the First Presbyterian church in the church parlors Thursday evening netted the society over \$40. The young women in charge of the chafing dishes and their assistants proved themselves very efficient in cooking and serving, which was done in the best cafeteria style. Miss Nina Jackson presented each guest with a plate, knife and fork as he came in. Those presiding at the chafing dishes were Miss Maud Balmun, Mrs. George Richardson, Miss Nelle Hudson and Mrs. Roy Curfman. Those serving the supper at small tables were Miss Edith Wells, Miss Ora Eckles, Miss Nora Ritze, Mrs. Alice Barr and Miss Lois Farmer. During supper Miss Neva Sage gave several piano numbers. Miss Laura Craig and Miss Mary Lewis had charge of the candy booth.

### Surprised Boy Friend.

Raymond Lahr, son of Mr. and Mrs. Michael J. Lahr, was pleasantly surprised Thursday evening by a number of his boyhood friends, who gathered at his home while he went to town on an errand with his neighbor, Jack Vaughn, who had been given the task of keeping Raymond away from home until all the boys had gathered at the Lahr home. When the two boys returned from town Raymond asked Jack to "come over awhile," which he did. Both were surprised to find the house in darkness, but when the lights were turned on it looked as though the house was full of laughing boys, and Raymond was so surprised that his momentary discomfort was thoroughly enjoyed. All went to playing games and had a fine evening together. Mrs. Lahr served a luncheon late in the evening. The guests were Francis Bluel, Henry Buhler, Paul Buhler, Eugene Yehle, Ralph Yehle, Paul Thompson, Fred Thompson, Edmond Kirch, Frank LaVelle, Tommy Tobin, Will Linneman, Ed Linneman, James Stundon, Jack Vaughn, Harry Tilson, Raymond Lahr.

Mrs. Lafayette Hagins returned Thursday evening from a several weeks' stay with her niece, Mrs. Dr. Ed Miller of Hopkins.

Mrs. C. E. Howey of Beardstown, Ill., who has been the guest of Miss Lottie Mallan for several days, returned home Thursday.

Miss Helen Leffler went to Kansas City Friday morning for a day's visit.

## FRECKLES

February and March Worst Months for This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in February and March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get on ounce of othine, double strength, from any druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.

### Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk. Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we know it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

## FLOODS RECEDING

DEAD IN CENTRAL DAYTON MAY NOT EXCEED 200.

## 70,000 ARE MAROONED

Many Stories of Rescue—600 Dead at Columbus—Death List 2,000 at All Points.

### CONDITIONS IN DAYTON.

The following is a tabulated statement of conditions in Dayton, accurate estimates of the dead being impossible:

Persons marooned.....	70,000
Residences submerged.....	15,000
Miles of streets inundated.....	12
Persons in rescue stations.....	5,000
Horses killed.....	50
Automobiles damaged.....	1,000
Property loss.....	\$25,000,000

Dayton, O., March 28.—All but a few of those hundreds of persons who have been marooned in the downtown sections of flooded Dayton since Tuesday morning are safe. This was the news brought out by a reporter, the first to succeed in the perilous task of penetrating as far north as the Big Miami river, which runs through the center of the town.

Chief of Police Allaback, himself marooned, who has been directing the rescue work, gave the first information as to the situation in what has been the water-bound district.

Except for possible loss of life or the north side of the river there will not be more than 200 dead in Dayton according to Allaback's estimate, after he had been given information as to the situation on the south side.

### Bank Building Is Burning.

The First National bank building in central Dayton is burning. The flood waters have receded so far that firemen with an engine succeeded in getting across and all persons who wish to leave are being brought out. The Third street bridge over the Big Miami river is safe and it appears that the militia now guarding the district will soon know the full extent of the disaster there. Many persons there refused to leave, believing they could better secure food and clothing there than in other parts of Dayton.

The worst condition found near the center of the flood was in the workhouse, where sixty prisoners have not had a drop of water nor a bite of food since Tuesday. The men revolted Tuesday night and demanded their liberty and a chance to fight for their lives. Since then the workhouse has been a madhouse, according to Superintendent Johnson. The prisoners repeatedly fought with Johnson and threatened to kill both him and his family.

Johnson asked that a detachment of the national guard be assigned to help him handle the men. He declared that the men would be shot if they escaped from their cells. No word has been heard from Mayor Phillips. The chief of police had been unable to get near the Phillips house and did not know whether the mayor was dead or alive.

North of Burns avenue, as far as Fourth street, the water was found to be from three to five feet deep.

Beyond Fourth street the water has receded enough to make it possible in many places to proceed on foot. From Fourth street the Big Miami river relief work was taken up by a committee headed by Chief of Police Allaback. All groceries were commandeered and although in most cases the goods were covered with water, yet sufficient supplies were found to prevent great suffering among those in the interior dry strip.

### Only Prisoners Without Food.

While there may be many deaths in individual homes, which have been without food or drink, there was no place but the workhouse where any considerable number of people were held without food. None had had enough, but none approaching actual starvation was found.

Knowledge that the death list is likely to prove so low in the downtown section gave rise to a hope that even in North Dayton, about which locally desperate anxiety is felt, there might be comparatively few deaths.

The progress of the first canoe into the water-bound district was greeted by appeals for bread and water. In nearly every house left standing people were asked whether there had been any deaths, and with only a few exceptions all replied that there had not. Although heartened by the news from the flood zone's interior, Governor Cox's secretary, Mr. Burba, scarcely was able to credit the assertions. From his own observations of the southern district he was unable to believe that the death list would be under 1,500.

"There are 10,000 unaccounted for on this side of the river," he said, "and if all but 200 of these are found, it will be the greatest miracle of the time."

Word was received that 500 men are at work on the Lakeview dam, at the Lewiston reservoir, and that danger

### AT FIRST M. E. CHURCH.

Service Last Night Well Attended—Truth Should Master Man.

The service at the First M. E. church last night was characterized by a depth of spiritual interest. A real revival is a revival of interest in spiritual things and is marked by consecration of the membership of the church and the acceptance of Christ by those outside. As some one has well said, "we need more member rather than more members."

Tonight Rev. Zentz will deliver a sermon especially appropriate to the young people. His theme will be taken from Peter's question to Christ, "What shall we have therefore?" Mrs. Nina Moore and Miss Nellie Wray will sing a duet.

The sermon last night was well received and very effective. His text was II Cor. 2:14—"Now thanks be unto God which always causeth us to triumph in Christ and maketh manifest the savour of His knowledge by us in every place." He said in part:

"It is said that the end and aim of education is to arrive at truth. While it is a great thing for a man to master truth it is a far greater thing for truth to master a man. Those who have made their names great in the world's progress have been such men as Richard Cobden, the Earl of Shaftesbury, Martin Luther and Paul the Apostle."

"Paul not only gave thanks that he was led captive by the truth but that it was his high privilege to make manifest the truth as about God. He put this fact in another form when he said, 'We are epistles, known and read of all men,' and again when he said, 'For me to live is Christ.'"

### SOLICITORS AND BEGGARS.

Many Solicitors Turned Down—Must Have a Permit From Commercial Club.

The business men of Maryville are co-operating more and more to regulate solicitors and general beggars. According to the ruling adopted some time ago and the agreement signed by the business men, all solicitors of whatever nature must have a permit signed by the secretary and president of the Commercial club before they can get a hearing from any of the business men. This ruling makes it almost impossible for a grafter to get any money in Maryville. Not only grafters are excluded, but nearly all organizations soliciting for outside charities are refused the permit.

During the past week the following persons have appealed for a permit, which has not been granted: A solicitor for a paper for the blind published in Lincoln, Neb.; a solicitor for the missions of the A. M. E. Zion church; a woman working for the interest of an orphanage in Kansas City; one tramp and one cripple. Each of these parties are in the habit of getting from \$10 to \$25 in towns the size of Maryville. Twenty-five cents and 50 cents here and there soon amount to big sums, and in the course of a year hundreds of dollars have been paid out by Maryville people for worthless charities.

### The Commercial Club Secretary.

John I. Hoffman, will take care of any persons sent to him for a permit whether sent by business men or others.

### Visited Their Father.

Mr. and Mrs. John Sturm, Sr., of Clyde spent Thursday night at St. Francis hospital with Mr. Sturm's father, John Sturm, Sr., and a daughter, Mrs. Lulu Welch of Clyde, spent Friday with him. Mr. Sturm was seriously ill for awhile, but is improving considerably at present.

### Will Soon Return.

Mr. and Mrs. Augustus Romasser will return in a few days from their honeymoon trip to Los Angeles, Cal. Mr. and Mrs. Romasser will be at home to their friends after April 15, at 549 West Third street.

### Married in Hopkins.

## A RED LETTER DAY

BAPTISTS WILL HAVE A BIG TIME NEXT SUNDAY.

## ALL TO BRING FAMILIES

Dr. Joseph Jacobs of Kansas City Will Preach and Special Music Has Been Engaged.

The First Baptist church of this city will have a red letter day the coming Sunday. It is the annual rally day for the Sunday school, when every member of the church and congregation will make an effort to be present and take part in the class work with the regular attendants.

All are invited to come and bring lunches, which will be spread upon the tables in the church parlors at noon by the Men's club, who will also furnish and prepare hot coffee. The dinner hour will be a strictly church social affair and will continue through the afternoon, when various matters pertaining to the church life will be discussed by all.

The pulpit committee will be ready to make recommendation for a supply minister, who will serve several months, or until such time as the church is ready to call a pastor. This committee is composed of Prof. W. W. Westbrook, G. B. Holmes and H. W. Hull.

At the Sunday school hour the new Sunday school orchestra, under the direction of Miss Alma Nash, will make its first appearance. The orchestra will be worked up into quite a large organization, it is expected, but at present consists of Miss Alma Nash and Miss Elizabeth Nash, who will play the mandolins; Miss Margaret Allen, cornet; Miss Dora Allen, baritone; Miss Ora Quinn, clarinet, and Miss Hazel Everhart, pianist.

The superintendent of the Sunday school, Senator Anderson Craig, will be in his place Sunday morning, the first time since the first of the year, when he left for the session of the legislature at Jefferson City, and the members are getting ready to give Mr. and Mrs. Craig a royal welcome home.

At the 11 o'clock service Dr. Joseph Jacobs of Kansas City, western secretary for the American Baptist Publication society, and one of the great men of the denomination, will occupy the pulpit.

Dr. Jacobs will give his famous stereopticon lecture in the evening at 7:30 o'clock. The choir will render special music for these services and the public is cordially invited to attend.

### DEATH AT GUILFORD.

Hugh Gibson Richards, an Old Settler, Died Thursday Night After Few Years' Illness.

Hugh Gibson Richards, an old settler of the Guilford community, died at his home, five miles southeast of Guilford, on Thursday night. He had been in poor health for the past five years.

The funeral services will be held on Saturday at the M. E. church, South, in Guilford, and will be conducted by Rev. Hoover, the pastor. Burial in Weatherman cemetery and services will be in charge of the Masonic lodge of Guilford.

Mr. Richards was born August 20, 1839, in McCoubin county, Illinois, and came to Missouri with his parents when 2 years of age. They located near Whitesville, in Andrew county, and later moved to Guilford community and had resided in that community for forty years. He was married fifty years ago to Miss Evangeline Gilmore, and seven children were born to this union, three of whom are living. They are Milton S., Grant and Mrs. D. A. Bledsoe, all living near Guilford. Mr. Gibson was a soldier in the civil war and was a member of the Fortieth Iowa infantry.

### Was Released From Jail.

Thomas Guggerty, who was fined \$5 and costs recently in circuit court when he pleaded guilty to a charge of common assault, the prosecuting witness being Fred Litton, was released from the county jail Friday by Sheriff Wallace, as he had served out his fine. Guggerty is from Conception Junction.

### Mr. Funk Is Here.

J. Lester Funk of El Reno, Okla., arrived in Maryville Thursday for a several days' visit in Maryville with relatives.

Mrs. J. S. Severs of Elmo was in Maryville Friday on her way to Bedford to visit her mother and sisters.

## STATE BOARD AID

ADDITIONAL PRIZES FOR POULTRY SHOW THIS YEAR.

## COMMEND THEIR ACTION

Association's Gift of Eggs to Boys and Girls to Be Made Example For Others in State to Follow.

The Missouri state poultry board and experiment station at Mt. Grove, Mo., will give \$30 in prizes to the exhibitors of the Northwest Missouri poultry show to be held in Maryville next December. Recently the poultry show association members here gave away 75 settings of eggs free, the only requirement being that the boy or girl was to exhibit some of the birds in the next show.

E. L. Andrews, who is secretary of the poultry association, wrote T. E. Quisenberry, director of the state poultry experiment station at Mt. Grove, and the following is the letter that Mr. Quisenberry wrote in reply to Mr. Andrews' letter.

Your letter received, and I want to say that this is one of the best propositions that has ever been undertaken by any poultry association in the state. You will work up more interest in your show and more interest in good poultry in your county than you could have done in practically any other way.

In as much as you folks have undertaken this, I will agree to give for the State Poultry Board and the experiment station, a cash prize of \$5 to the boy who makes the best exhibit in your next show, and \$5 to the girl who makes the best exhibit.

In addition to this, the State Poultry Board and the experiment station have decided to give \$10 in cash to at least one show in each county to the member of the State Association who makes the largest and best exhibit of poultry of one variety at your show. They will also give \$10 in cash to the member of the State Association who makes the largest and best exhibit of more than one variety of poultry at your show, no two prizes to go to the same party. It is also the intention of the board to try to hold a poultry institute in connection with each show and put on an educational exhibit at the same time and place.

You have my authority to go ahead and offer these prizes to these boys and girls. I am going to try to get other associations in the state to adopt the same plan.

### TOOK AN OVERCOAT.

J. R. Scott Charged With Stealing an Overcoat and Later Selling It for \$1.

J. R. Scott was arrested Thursday night at the Oak saloon on a charge of stealing an overcoat from the room of Charles Evans, who is working on the postoffice building. Evans is staying at the County Seat hotel and Scott, it is said, went up to his room and got the overcoat. He later sold the coat for \$1.

Scott, it is said, has been in the penitentiary before. He has been in Maryville only a short time. He was locked up in jail Thursday night.

When Scott was searched by Sheriff Wallace, a parole was found which showed that Scott had been in the state penitentiary at Lansing, Kan., and that he was paroled from that institution on February 11, 1913. The authorities at Lansing were notified at once by Sheriff Wallace and they will send up a man at once, who will take Scott back to that institution. Scott is about 50 years old and looks like an old offender.

When arrested Thursday night, Scott was in a drunken condition and in addition to finding the parole, Sheriff Wallace found papers which showed that the old man had been in the penitentiary in Kansas.

### Will See Daughter Off for West.

Mrs. Eunice Graves went to St. Joseph Friday morning to spend a few days at the home of her son, William Graves, and family. She will meet her daughter, Mrs. Floyd Wiley, and family of Kansas City, who are at her son's home. The Wiley family leave Saturday morning for Spokane, Wash., to make their home. Mr. Wiley will engage in the mercantile business with his father and three brothers at Spokane.

When there is any BETTER HARNNESS made than DENHAM MAKES, Denham will make them. See either store.

B. T. Ralph of Savannah was a Maryville visitor Friday.

### MEETING ON MONDAY NIGHT.

The Voters of the Maryville School District Will Meet at That Time Instead of Tonight.

The mass meeting of the voters of the Maryville school district will be held Monday night at the court house at 7:30 o'clock instead of tonight, as first announced. The change was made owing to the various ward conventions to be held this evening, at which time candidates for alderman in each ward will be selected. The purpose of the meeting Monday is to nominate two members of the school board of directors.

## LAW NOW IN FORCE

GOVERNOR SIGNED BILL FOR STATE AID FOR SCHOOLS.

## BENEFIT IS GRADUATED

Weaker Districts Receive More Help in Establishing High Schools Than Strong Ones.

The bill which provides substantial state aid for rural high schools of the state was signed by Governor Major Thursday and is now a law as there was an emergency clause to the bill. The measure was introduced by Senator Francis Wilson of Platte county and he is the author of it. As the measure will be of interest to the school people of the county, the following is the bill in full:

An act to provide state aid for high schools, determining the amount of such aid and defining the conditions under which such aid may be obtained, with an emergency clause.

Be it enacted by the general assembly of the state of Missouri, as follows:

Section 1. Any town, city or consolidated school district may apply for state aid to maintain a high school. The aid granted shall be \$800 per year to districts whose valuation is less than \$300,000, \$600 per year to districts whose valuation is \$300,000 and less than \$400,000, \$400 per year to districts whose valuation is \$400,000 and less than \$600,000, \$200 per year to districts whose valuation is \$600,000 or more. Provided that a district in Iowa to receive state aid shall show its assessed valuation, that it is organized as a town, city or consolidated school district and has six school directors, that it has levied for school purposes (teacher and incidental expenses) the maximum levy provided by law, that it maintains an approved high school and employs a competent principal to teach in said high school and to supervise the elementary school of said school district, that it pays each of its teachers at least \$40 per month, that it admits non-resident pupils to said high school on payment of a reasonable tuition fee, that during the past year the daily attendance in said high school has averaged fifteen pupils, that it gives an approved course of at least one year in agriculture. Provided further, that in no case shall any district receive from the state in any year more than one-half of the amount of the salary paid to its high school teachers the previous year. It is also further provided that no district receiving any other form of special high school aid from the state shall be entitled to aid under this act.

Sec. 2. Any town, city or consolidated school district, situated in any county in which there is no school district whose assessed valuation is more than \$300,000 may apply for state aid to maintain a high school. A district making application for state aid under this section shall show that it has an assessed valuation of less than \$300,000, and that no approved high school in the county maintains an average daily attendance of fifteen pupils, that it is organized as a town, city or consolidated school district and has six school directors, that it has levied for school purposes (teacher and incidental expenses) the maximum levy provided by law, that it proposes to maintain an approved high school of at least the third class for a term of eight months and that it employs a competent principal to teach in said high school and supervise the elementary school of said district. The state hereby grants an aid of \$800 per year to such school district. But it is further provided that if two or more districts in the same county apply for state aid under the provisions of section 2 of this act, the district that first files in the office of the state superintendent of public schools notice of its intention to apply for aid under this act shall be granted the aid, provided that on or before June 30th following

## HAS A NEW NAME

NEW OFFICERS FOR THE ALDERMAN-YEHLE STORE.

## CONRAD YEHLE AT HEAD

Officers Swap Places and New Name Has Name of New President Incorporated in It.

A change has been made in the officers of the Alderman Dry Goods Company of this city, and also in the firm name. The new officers of the company are Conrad Yehle, president; C. J. Alderman, vice-president, and I. D. Frank, secretary and treasurer. The firm name has been changed to the Alderman-Yehle Dry Goods company. The company is incorporated and is capitalized at \$50,000.

Mr. Alderman who has been president of the company and is now located at Omaha in the manufacturing of blau gas, will still retain his interests in the company and will be connected with the firm.

Mr. Yehle who heads the new company is an experienced dry goods man, having been in that business in this city for the past twenty-two years. His first employment was with the Smith Bros. dry goods store when he was 29 years old, and ever since that time he has been actively engaged in that business. He has been connected with the Alderman Dry Goods Co. for ten years and was vice-president of that company. Mr. Yehle will have active charge of the business of the new firm.

The Alderman-Yehle dry goods store is one of the very best stores of its kind in this part of the state, and under the new management will be kept up to its present high standard.

### COMING BACK TO MISSOURI.

Rev. T. J. Reznor Has Accepted a Call to the Amazonia Christian Church Pastorate.

Rev. and Mrs. T. J. Reznor, who have been living at Odale, Ia., arrived in Maryville Friday noon and went to the home of Mrs. Reznor's brother, Arthur Wiley, living four miles north of Maryville, for a few days' visit.

Rev. Reznor has been preaching in Iowa for several years. He preached in this section of Missouri for some time before going to Iowa, and his old friends here will be glad to know that he has concluded to return. He has accepted the pastorate of the Christian church at Amazonia, Mo., and will go there next week. He has been engaged in meetings at Forest City and other points in that section for several weeks, and Mrs. Reznor joined him at Forest City to come to Maryville.

Third ward—A. R. Souers, John Hull, James Cook, Samuel Selecman.  
Fourth ward—James Murray, John T. Moore, William Heiple, O. P. Wade.  
Passed and approved this 17th day of March, 1913.

A. S. ROBEY, Mayor.  
Attest: C. L. GANN, City Clerk.

The country will be generally pleased to know that the Illinois legislature has at last elected two United States senators. It was done by an agreement between Democrats and Republican members but apparently without any of the suspicion of trickery and corruption that surrounded the election of Lorimer. Prior to that unfortunate affair a state primary law was passed and the candidates elected received the endorsement of a majority of their respective parties in the primaries last fall. Neither of the three parties had a majority in the legislature, the Progressives holding the balance of power. They refused to aid either of the old parties and a dead lock was created that could not be ended honorably except by agreement. The eyes of the country have been on Illinois, and justly so, since the Lorimer outrage and, under the circumstances, there can be no legitimate objection to the election of Lewis and Sherman.

Mrs. Louis Diss of Lincoln, Neb., who has been visiting her parents, Mr. and Mrs. E. T. Funk, and Mr. Diss' parents, Mr. and Mrs. J. S. Diss, went to St. Joseph Friday morning for a few days' visit with friends before returning to Lincoln.

LAW NOW IN FORCE

(Continued from Page 1)  
the filing of the notice of its intention to apply for aid it shows that it has met the requirements of this section. Provided further that any district receiving aid in any year shall be regarded as the first applicant for aid the succeeding year without the filing of a formal notice. It is also further provided that any school district receiving aid under the provisions of this act shall admit non-resident pupils to the high school of said district on the payment of a reasonable tuition fee. Provided further, that any school district receiving state aid for two consecutive years and then during any two consecutive years thereafter fails to maintain an average daily attendance of fifteen high school pupils shall forfeit its right to any further aid for a period of five years, or until it can again show an average daily attendance of fifteen high school pupils for a term of eight months.

Sec. 3. The board of directors of any school district desiring to avail itself of the state aid provided for under this act shall meet and on or before June 30th, furnish to the county clerk evidence that their school district has met the requirements of this act, and shall make a statement of the amount of aid to which said district is entitled. This evidence and statement shall be attested by the signatures of the president and the clerk of said school board and sworn to before a notary public or the county clerk. It shall be the duty of the county clerk on or before July 15th to furnish to the state superintendent of public schools a list of all the districts in his county making application for state aid for high schools, showing the amount estimated for each school district and the total amount for the county. Before apportioning the state school funds, the state superintendent shall set aside a sum equal to the total of all the applications for state aid called for by all the counties of the state, after which he shall proceed in accordance with section 10822 of the Revised Statutes of Missouri, 1909, and of the session acts of 1911. Provided that the amount so set aside shall in no one year exceed 5 per cent of the total state school funds. Should the total applications for aid called for by all the counties in any one year except 5 per cent of the total state school funds, then the state superintendent of public schools shall first set aside out of the 5 per cent the amount of aid applied for under section 2 of this act and then the remainder of the 5 per cent of said state school funds shall be distributed pro rata among the districts applying for aid under section 1 of this act, according to the amount applied for by each district. The state superintendent of public schools shall within thirty days after he has approved the work of any school applying for aid, certify his approval to the state auditor, who shall draw a warrant on the state treasurer for the amount due such district and forward said amount to the county clerk of the proper county, and the county clerk shall thereupon apportion the said amount to the proper district in accordance with the application on file in his office.

Sec. 4. On account of the high schools requiring immediate aid, an emergency is created within the meaning of the constitution; therefore, this act shall take effect and be in force from and after its passage and approval.

GAS, SOURNESS AND INDIGESTION VANISH.

As Seen as "Pape's Diapepsin" Gets in Stomach All Distress is Gone.

"Really does" put bad stomachs in order—really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the minute Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollar's worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

Obituary.

Florence Adella Allen, daughter of Mr. and Mrs. J. H. Allen, was born in Hancock county, Illinois, September 11, 1868. Died in St. Joseph, Mo., March 23, 1913. Age 44 years 6 months and 12 days.

Her parents moved to Nodaway county, Missouri, when she was 14 years of age, where she spent her girlhood days. She was married to Mr. A. L. Duke August 21, 1886, and lived in this vicinity until about five years ago, when they moved to St. Joseph, where they resided until her death. To this union were born two children, Dora Oral and Robert Lee (Robert Lee dying in infancy).

She confessed Christ at a meeting conducted at the Christian church, Arkoe, Mo., by Rev. Blanchard, and joined that church, remaining a faithful member of that church until her death.

She was taken very ill of cancer of the stomach last November, and after many weeks of severe suffering, in which she was very patient and hopeful. The good Lord said: "It is enough, come up higher." She now rests from all her pains and labors and awaits the arrival of those coming later on. She was a devoted companion, a loving mother, a kind sister, and a friend to all who knew her.

She leaves her loving husband and daughter, Dora Oral, also three sisters, Mrs. William Kirch, Mrs. Fred Ortmann and Mrs. Frank Ike, and also one brother, Robert N. Allen, as well as many friends to mourn their loss. The funeral services were conducted by Rev. W. E. Royston, pastor of St. Joseph church, at Arkoe, Mo., Tuesday, March 25, 1913, at 11 a. m., after which her body was interred in Miriam cemetery, Maryville, Mo. X. X. X.

CORN VARIETIES.

Secure Seed as Near Home as Possible, Because It is More Likely to Be Acclimated.

The following bulletin has been sent out by the state agricultural department.  
The farmers of Missouri have in the past lost considerable because of the fact that they have not grown corn varieties which were adapted to their respective sections of the state. In many instances because corn has failed to mature in some certain year, extremely early varieties have been secured which has materially decreased the yield. A corn variety to give best results in any section should mature early enough to be safe from frost, yet it should be late enough to utilize the greater part of the growing season in order to insure a large yield.

The results of the 1912 corn cooperative tests of the Missouri experiment station conducted in practically all of the counties of the state show Commercial White to be the highest yielding variety in the test. There is considerable objection to this variety, however, due to the fact that it is always late in maturing. Good seed of this variety is very hard to secure, however, as few men are growing it. The Boone County White and Reid's Yellow Dent varieties stand next to the Commercial White, and seem well adapted to practically every section of the state. The Boone County White has a tendency to be slow in maturing but does unusually well on the bottom lands and richer uplands of the state. The Reid's Yellow Dent is a variety that will mature practically every year and seems well adapted to lands of average fertility. The Johnson County White takes practically the same requirements as the Boone County White and is well adapted to the better lands of the state. St. Charles White, St. Charles Yellow and Cartner are varieties which have been developed to suit local needs. The St. Charles White seems especially adapted to the Missouri river bottoms, as well as to the lowlands of Southeast Missouri. For the better lands of the Ozark region the varieties recommended for general upland conditions are good, but for the average Ozark uplands varieties like the old-fashioned Calico or Golden Beauty or the Iowa Silvermine are preferable.

As a general recommendation, Commercial White, Boone County White and Johnson County White are the white varieties which can be most generally recommended, while Reid's Yellow Dent, St. Charles Yellow and Leaning can be recommended as yellow varieties which will give fair results in practically every section of the state. All of our experiments show that it is a good practice to secure seed as near home as possible, because of the fact that it is more likely to be acclimated.

## CLEANSE YOUR LIVER AND 30 FEET OF BOWELS WITH "SYRUP OF FIGS"

MORE EFFECTIVE THAN CALOMEL, CASTOR OIL OR SALTS; GENTLY CLEANSSES THE STOMACH, LIVER AND BOWELS WITHOUT NAUSEA OR GRIPING. CHILDREN DEARLY LOVE IT

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people suffer from a physic—they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food, of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, without gripe,

nausea or weakness. Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senn and aromatics, it cannot cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name—California Fig Syrup Company. That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt.

## FLOODS RECEDING

(Continued from Page 1)

of a break in the reservoir walls has been averted for the present.

Reached Housetops in North Dayton.

Captain of Police H. E. Lockhart declared that water in North Dayton, Miami City and East Dayton reached the housetops. His estimate of the number of dead in that district was 300.

The bodies of a woman and a baby were seen floating down Jefferson street, one of Dayton's main thoroughfares. It was thought they came from the district north of the river.

It was impossible to approach within a couple of blocks of the fire zone in the canoe, but there appeared every indication that the Beckel house had not been burned and that the fire had been confined to the blocks beyond Jefferson and Third streets. The 300 guests at the Algonquin have been comfortable, except for the continuous dread of fire. The water reached to the second floor, but all supplies have been moved to places of safety and those in the hotel experienced little discomfort.

### Poor Suffer Terribly.

One of the remarkable features was the cheerful spirit with which flood victims viewed their plight. This was Dayton's first big flood in many years. Much of the submerged area had been considered safe from high water, but as the majority of residences of these sections looked out on a great sweep of muddy, swiftly moving water they seemed undisturbed.

In some of the poorer sections the attitude of the marooned was not so cheerful. As a motorboat passed by the second floor of a submerged house a man leaned out and threatened to shoot unless they took off his wife and baby. The woman, almost dying, was let down from the window by a rope and taken to a place of refuge.

### Motor Boats Arriving.

Absence of motor boats had been the cause of great suffering. Hand propelled boats could not navigate the water. With appeals for motor boats and men to run them, Cleveland responded with several boats. Cincinnati also sent some. Upon the arrival of these craft rescue work went on rapidly.

Harrowing tales have been told in connection with the rescue work already done. A boy pitched by his mother from a roof to a boatman, who was having difficulty keeping his craft steady was missed by the rescuers and drowned. The mother was saved. A young husband had to restrain his wife from throwing herself into the flood waters as they sat upon the roof of their ruined home. She was holding two children. All were saved.

The devastated district is facing a food famine.

"Our food supply must be replenished or suffering will become acute,"

Chairman Hiram Hendrickson of the Riverdale relief committee said. "We will need coffee and bread in particular. From north of Dayton farmers have responded nobly to our request for food. Men have driven as much as forty miles to bring us what supplies they could spare. Citizens of this section of the town also have brought all their food and we are cooking it and feeding those who gave it. The drop in temperature caught many without coal, but we are able to give warm sleeping space to all. We can do nothing now but rest and care for the refugees, but later we must face a more serious situation."

The lack of bread is being felt throughout the city.

The relief work is in charge of J. H. Patterson, president of the National Cash Register company. More than 1,000 refugees are receiving medical attention and food at the cash register plant, which has been turned into a huge hospital and lodging house. Relief measures exceeded requirements, but only because it was impossible to rescue the thousands of marooned inhabitants. With the waters receding and the rapidity of the torrents through the business sections lessened the people were brought out by hundreds, and the relief staff was kept busy. Many doctors and nurses have come here from nearby towns, and medical supplies and food have been provided for on relief trains.

Death List May Not Exceed 2,000.

Revised estimates of the loss in Dayton give ground for hope the dead in all sections affected by the flood will not exceed 2,000 and may go below that figure. Daring investigators who penetrated the flooded section revealed hundreds of persons safe who it was feared were lost.

Unless swelled by the death list in the foreign settlement on the north side, as yet unsearched, there may not be more than 200 dead in the whole city.

In other points than Dayton the death list grew rapidly. There was far heavier loss of life in the west side bottoms of Columbus than was thought. One estimate placed the number of dead at more than 600.

From Hamilton, O., fifty persons were reported drowned in the collapse of a hotel, where they had sought refuge.

Apparently authoritative reports from Lima indicated twenty dead.

At Peru, Ind., the authorities estimated the death list would reach at least 150.

Twenty-five deaths were reported from Troy, O., thirty in Middletown and five in Xenia, O.

Deaths from the flood in Chillicothe will not exceed twenty-five, according to latest advices. Early advices were that from 200 to 300 lives had been lost.

Flood supplies in Zanesville are re-

ported to be running very low and efforts are being made to reach there with provisions.

Nothing could be learned of the conditions of towns east of Zanesville. More than a dozen towns between Zanesville and Marietta are said to be under water. The isolation of these towns, including Marietta, is complete and so far as telegraph and telephone officials know they had not communicated with the outside world for from twelve to fourteen hours.

### WILSON CUTS ALL RED TAPE

President Opens Government Resources to Flood Sufferers.

Washington, March 28.—President Wilson threw open the resources of the federal government to the homeless thousands fighting against water, fame and famine in Ohio and Indiana.

More than \$350,000 has already been spent and the president has determined that no red tape will stand in the way of relief anywhere.

Secretary Garrison of the war department left with orders from the president to survey the situation in Ohio and direct the government's relief expeditions, and Mr. Wilson announced if communication with the flood districts continued imperfect and the presence of the chief executive was required to issue emergency executive orders he would go to the zone of the disaster himself.

The president did little else except work on the flood situation and is ready to set aside other business before him to assist the authorities of Ohio and Indiana.

Postmaster General Burleson is contemplating a quick journey to Ohio if the mail situation is not soon improved. Mail routes across the continent are badly affected and the task of disentangling the mail service to points in Ohio and Indiana untouched by floods has reached a crisis. Assistants are being ordered to the flood region from nearby cities and stamps and supplies are being rushed to places that have lost their stock in the floods.

Not only were the war and the post office departments straining every effort to be of assistance, but the navy department issued orders to its recruiting stations in the central west to send marines, physicians and officers trained in rescue work to co-operate with the army medical staffs.

Secretary McAdoo placed all the United States life saving stations in the vicinity of the flooded districts at the disposal of Governor Cox of Ohio and Governor Ralston of Indiana, ordering the crews to respond immediately and directly to the request of the state executives.

Surgeon General Blue of the public health bureau left to take personal charge of the federal medical officers rendering assistance to the distressed people of Indiana and Ohio.

### WEIGHT CARS WITH IRON

This Means Used to Rescue Flood Sufferers.

West Dayton, March 28.—On Third street, in West Dayton, a flatcar weighted down with pigiron is being run down into the flooded district on street car tracks to bring out water-bound persons. Six men go on the car and a hundred of more pull it out of the water by a huge cable.

Rescued persons who for two days have expected death with every minute are lifted from the car to automobiles and taken to shelter. First they are given several cups of hot coffee and wrapped in warm clothing. Women and children collapse, strong men are so weak with cold and fatigue they have to be carried.

### 200 Bodies in Columbus Church.

Columbus, O., March 28.—First direct communication was established with a west side undertaker. He said over the phone that he had nineteen bodies in his morgue and orders to care for sixty-nine more as soon as possible.

He said he estimated the number of dead in the United Brethren church morgue on the west side at 200. From 100 to 150 bodies, he says, were lying partly submerged in Avondale avenue. About 200 more were lying in West Park avenue.

### Bryan Not Lost, as Was Supposed.

Washington, March 28.—Secretary Bryan, who has been out of communication with the state department for the last twenty-four hours, in the Ohio flooded districts and for whom grave fears were felt, was heard from on his way eastward from Akron.

### Ten-Day Holiday Period in Ohio.

Columbus, O., March 28.—Governor Cox issued a proclamation declaring a holiday in all flood districts in Ohio for the next ten days. This was done to protect negotiable paper that might be subject to protest.

### A GOOD PROBLEM FOR STUDENTS.

Can Some School Boy or Girl Solve It?—Will Be Found An Interesting Study.

March 25, 1913

The Democrat-Forum: The attached an actual transaction between two problem, which I have formulated from men, has given rise to considerable friendly discussion between the parties, whom I have denominated by A and B. The parties agree on facts and as I have outlined them, but do not agree on adjusting the facts between them. They are friendly over the matter. Each have had several parties, some called expert accountants, to figure the case. Each party has been brought out debtor to the other, and the difference is considerable between the various figurers. I have my solution but withhold it from the public, but have given it to one the parties. I suggest it as a good problem for school students. It will be found an interesting study. Will some school boy or girl set me right if wrong?

Respectfully,

IRA K. ALDERMAN.

### The Problem.

A and B form a co-partnership to farm and handle stock. It was agreed that A furnish the farm as against the

labor of B, and that B manage the business and furnish all labor and that each contribute equally in cash the needed additional capital. At the end of the year B rendered an accounting as follows, admittedly correct:

A contributed in cash, first, \$686.75, and later \$274.30, and B contributed in cash \$458.68. During the year B paid to the personal use of A \$107.77. The firm expenses paid by B was \$246.35. The total cash receipts aggregated \$2,807.32. During the year A drew out the sum of \$1,613.71.

Question: How stands the account between A and B, or how should either contribute to the other, if any thing, to equalize their interests in the year's business?

### DANGER FROM PNEUMONIA

Lessened By Healthy Conditions.

At this season pneumonia is prevalent in many localities. Every year during the cold, damp weather this dread disease claims its victims by the hundreds.

The best possible preventive of pneumonia is to keep the system in a strong, healthy condition and not allow one's vital resistance to become lowered and if, perchance, the system should become run-down or a chronic cough or cold develop which is hard to cure, take Vinol, our delicious cod liver and iron tonic without oil.

Mrs. Ellen Lytle, of Lima, Ohio, says: "I was weak, nervous and run-down, and pronounced by doctors to have a serious lung trouble. I was despaired of by all, but I read in the newspapers what Vinol had done for others and decided to try it. I took six bottles of Vinol and am now in perfect health and never felt better in my life. I weighed 108 pounds when I began taking Vinol. I weighed last week 140 pounds."

## Put a Bull Behind the Bars

We call especial attention to the hinge joint at each intersection of stay with main bars.

This is the essential of every good wire fence. Unless the stay has a hinge joint the fence cannot receive pressure from contact and right itself. All rigid stay fences have been unsatisfactory and disappointing, as they crush down and when once down, remain so.

## AMERICAN FENCE

Is made with a hinge joint, by which the maximum of elasticity is secured and the fence if properly stretched, remains in place indefinitely. With the hinge joint, no amount of strain on the bars can effect the connection of stay and bar, while the opposite is true of all rigid stay fences.

## A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of Sage and Sulphur for keeping the hair dark soft and glossy and in good condition. As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

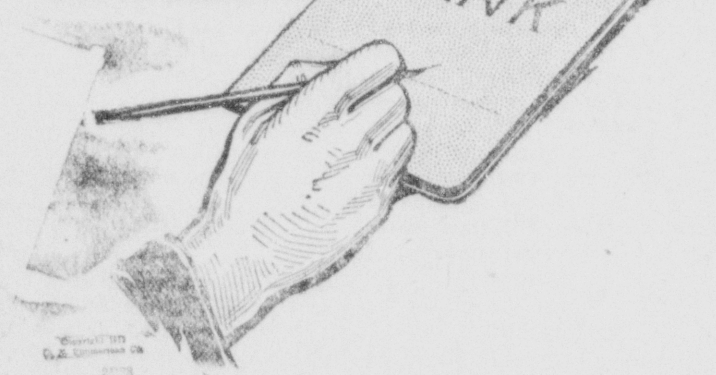

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Kock Pharmacy.

### Chafing Dish Supper.

The annual chafing dish supper given by the Christian Endeavor society of the First Presbyterian church in the church parlors Thursday evening netted the society over \$40. The young women in charge of the chafing dishes and their assistants proved themselves very efficient in cooking and serving, which was done in the best cafeteria style. Miss Nina Jackson presented each guest with a plate, knife and fork as he came in. Those presiding at the chafing dishes were Miss Maud Bainum, Mrs. George Richardson, Miss Nelle Hudson and Mrs. Roy Curfman. Those serving the supper at small tables were Miss Edith Wells, Miss Ora Eckles, Miss Nora Ritz, Mrs. Alice Barr and Miss Lois Farmer. During supper Miss Neva Sage gave several piano numbers. Miss Laura Craig and Miss Mary Lewis had charge of the candy booth.

### Surprised Boy Friend.

Raymond Lahr, son of Mr. and Mrs. Michael J. Lahr, was pleasantly surprised Thursday evening by a number of his boyhood friends, who gathered at his home while he went to town on an errand with his neighbor, Jack Vaughn, who had been given the task of keeping Raymond away from home until all the boys had gathered at the Lahr home. When the two boys returned from town Raymond asked Jack to "come over awhile," which he did. Both were surprised to find the house in darkness, but when the lights were turned on it looked as though the house was full of laughing boys, and Raymond was so surprised that his momentary discomfort was thoroughly enjoyed. All went to playing games and had a fine evening together. Mrs. Lahr served a luncheon late in the evening. The guests were Francis Bluel, Henry Buhler, Paul Buhler, Eugene Yehle, Ralph Yehle, Paul Thompson, Fred Thompson, Edmond Kirch, Frank LaVelle, Tommy Tobin, Will Linneman, Ed Linneman, James Stundon, Jack Vaughn, Harry Tilson, Raymond Lahr.

## Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:
